SUMMARY

I am an enthusiastic and amiable professional deeply passionate about the convergence of Science, Technology, and Engineering, particularly in the realm of robotics and Artificial Intelligence. My robust technical background, coupled with a strong commitment to ethical problem–solving, has equipped me with hands–on experience in designing and implementing innovative solutions. I thrive in environments demanding a fusion of technical expertise and ethical reasoning, and I aspire to contribute to a dynamic team where my skills can play a pivotal role in achieving company goals. Eager to collaborate with like-minded professionals, I aim to be an integral part of a team driving advancements in Science, Technology, and Engineering, fostering innovation and ethical practices to contribute meaningfully to the collective efforts of a progressive company

EXPERIENCE

Marketing Technologist at *Eatops Fast Food Restaurant* – *Feb 2022 -Present*

In my role as the Marketing Technologist at Eatops, I orchestrated the integration of technology and data-driven strategies to enhance the restaurant's online presence and customer engagement. From implementing digital marketing campaigns to optimizing online ordering platforms, I contributed to the restaurant's success in a competitive market.

Programming Tutor at *Sololearn* – *Sep 2021 -Present*

As a programming tutor at Sololearn, I played a pivotal role in guiding and mentoring aspiring programmers. Leveraging my expertise, I facilitated learning in diverse programming languages, fostering a supportive online community and empowering learners to develop practical coding skills

Social Media Manager at *Mood Seasons Perfumery* – *Nov 2020 - Apr 2021*

At Mood Seasons, I led the establishment and maintenance of a strong online presence. Through strategic social media campaigns, content creation, and community engagement, I effectively managed the brand's image and fostered a positive online reputation.

Co-founder of *Hubliom Inc. (Computer Software Company)* – *Mar 2020*

As the co-founder of Hubliom Inc., I played a key role in the establishment and growth of a forward-thinking computer software company. Collaborating with a dedicated team, we conceptualized and developed innovative software solutions, contributing to the company's success in providing cutting-edge technology to meet market demands
